Who You Lookin' At?!?

Who you lookin' at? They're lookin' at you T.C. Howe! Welcome to the 2008-2009 yearbook. You have hereby been invited to to read, skim, glance, or inventively stare at whatever part of this book for as long as, and as much as you want. Feel free to flip through, or read from end-sheet to end-sheet.

Every year we choose something different to be the theme of our book. Last year's theme to our picture perfect book was...Picture Perfect. This year the construction is coming to an end, we're saying hello to our new over-under students, we're offering more challenging AP classes for our upper class men, and our name has changed from T.C. Howe Academy, to T.C. Howe Community High School. Lastly, our senior class

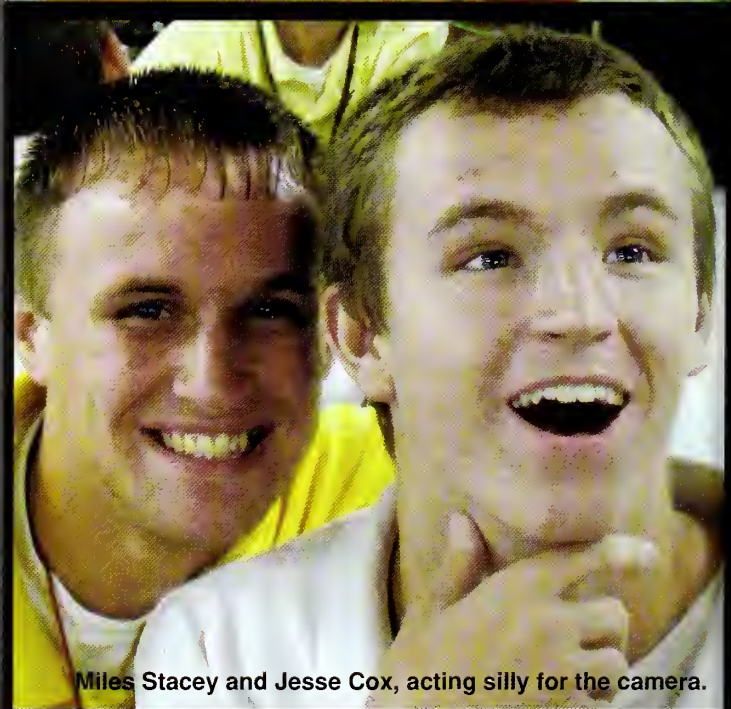

of 2009 is saying adiós to Howe, and aloha to the real world.

This year, our staff took a while to come up with an appropriate theme for the yearbook. However, after many group discussions and hundreds of different ideas, we found the perfect one. This theme has everything to do with everything about this very special year. We create a yearbook for the documented history of who did what, when, where, and why. We want to know, who is the best? Who is the baddest? Who is the coolest? Who is better than all the rest? So now, as you look through the 2009 Hilltopper, let us ask you one more question...

Yes, We Do!!
Howe's Got Spirit!!!
How 'Bout You??**

With the second year of mandatory uniforms, student morale was pretty low. Can you imagine having no "Spirit Week"? The students of Howe took everything in stride. Although wearing uniforms put a hamper on personal style, it didn't put a stop to our spirit! Students still supported and represented T.C Howe to the fullest. Junior, Kendrick Vaulx said, "If you ain't been told, you better stay down with the brown and gold!"

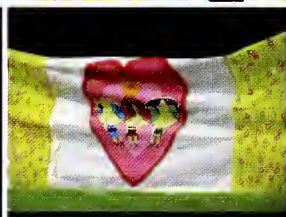

Students supported Howe at band competitions, powderpuff games, Spring Festivals, and school fund-raising events. We keep our spirit despite the obstacles. That is why we are the best and no one can compete!

(left) Students were going full throttle at the annual IPS Band Competition which was held at Conseco Field House. Students showed up to support the band and rep our school! You can see them cheering and shouting, trying to make enough noise to overcrowd the voices of the other schools. Unfortunately, the Hornets didn't win the Spirit Award this year, but we will be back with a vengeance next year.

Why are you so spirited?

WHO HAS SENIORITY??

"09" IT'S YOUR TIME TO SHINE. ALTHOUGH THIS IS YOUR LAST YEAR, KEEP YOUR FOCUS AND DO YOUR BEST!!! HERE ARE SOME OF THE THINGS YOUR FELLOW CLASSMATES ARE GOING TO MISS ABOUT HOWE, HOW THEY FEEL ABOUT THEIR LAST YEAR, AND WHAT THEY PLAN ON DOING AFTER THEY GRADUATE.

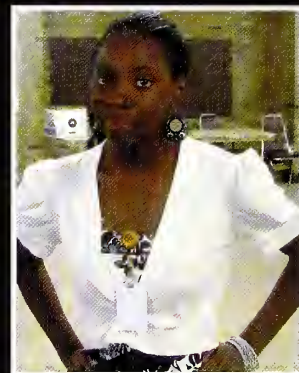

Varsity Basketball player Brandon Johnson says, "I will miss having lunch here. I'm mad that this is my last year of high school but I'm happy that I won't have to wear uniforms anymore. When I graduate I would like to open up a candy store called B.J. CANDY STORE."

Volleyball player Payla Bell says, "I'm going to miss all of my true friends and my favorite teacher Mrs. Smith. I feel like I'm on top of the world because this is my last year. I plan on going to college but I'm not sure if I want to go to ISU or Tennessee State."

Varsity Basketball player Darius Johnson, says "I will miss the learning experiences. I'm upset that this is my last year because I am going to miss all my classmates. After, I leave Howe I want to open up my own smoothie shop."

Cheer leading captain, Jasmine Downing says, "I will miss being a cheer leader here at Howe. I'm happy this is my last year because I won't have to deal with the drama anymore. After college I plan on going to Ball State to become an RN."

Who Filed FASFA?

Deadline March 10, 2009. That was when every senior in America was expected to have their FASFA completed. Many of us first had to learn what FASFA stands for: Free Application For Student Aid. Translation: "Free Money!" Are you going to get yours? Here's what a couple of seniors thought was most stressful about filing the FASFA:

"Like other things, the deadline was the most stressful thing."
-Anthony Deskins

"Getting your application in on time and getting your information correct."
-Courtney Thompson

"Deadlines and getting the correct information."
-Adam Floerke

"The FASFA was the #1 most important thing seniors worked on this year. Meeting the deadline was stressful but with the help of two strong financial aid workshops, and classroom time on applications, most seniors were successful."

Who Got Crowned?

Brown!!! Readyyy!! SETGO!
The mighty Howe Hornets' cadence can be heard across the field as Freshman quarterback, Timothy Johnson prepares to snap the ball. The Hornets faced a worthy opponent in John Glenn. The Hornets played hard and worked together, until the clock ran down for halftime.

At halftime the festivities really began as the class of '09 waited anxiously for the announcement of their 2008 Homecoming King and Queen. As everyone settled down to hear Michael Wallace and Payla Bell being announced as the winners, the crowd erupted in cheers.

It was then time for the second half to begin. The exhausted Hornets ran back onto the field. The team continued to play well. Unfortunately the game didn't go in the Hornet's favor. John Glenn won in a landslide. The Hornets may have been defeated this round, but they never lost their pride. And you can still remember: **Brown!!!**

Who IS.....

Anthony Deskins

When thinking of Anthony Deskins, many people think of the shy, quiet guy who you only notice when you have a class with him. I know the real Anthony.

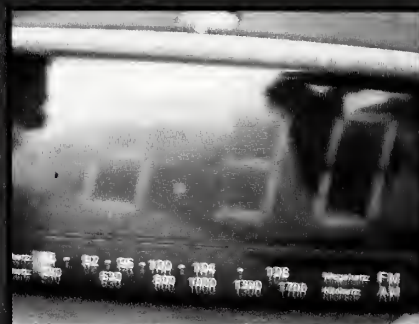

A.N.T.H.O.N.Y stands for Artistic, Nifty, Talented, Honest, Open- minded, Noble, and Youthful.

As I followed Anthony I realized he was a regular high schooler. He wakes up early, comes to school, goes home, eats a snack, does homework, hangs out with friends, and does it all over again.

Who IS..... Jessica Monroe

When it came to Jessica Monroe there wasn't anything that could stop her from going for her dreams and going hard. She was a mother an academic, and captain/coach of the T.C Howe Color Guard. Not one second of her life was easy and that's the way she liked it. Jessica is a prime example of how a student mother can not only make it in school but also excel. She's not making excuses, and is getting it done. This is one fine day with Jessica (Harvard) Monroe!!

Juniors! Class of "2010", one of the best classes ever! This is the year you buckle down and focus to get ready for your senior year. A lot of us are excited about our future and what the school year has in store. Some of us are just now adapting to a new atmosphere. Marcus Webster said "I'm ready for a new change since I'm coming from Tech. I didn't think I would like it, but it turns out to be cool!" Simmie Malone said "I thought this school year would be boring ,but we are making the best out of it!" NuNu Mitchell said "Hey, what can I say, we are the best class ever! Class of 2010!" So buckle up and get ready because you're looking at the Juniors class of "2010"!

Who's "2011"?

"Sophomores, you've made it past the G.Q.E. and the I.S.T.E.P. Now it's time for you to climb the social ladder as Juniors. With this status of an upperclassman, also comes more challenging classes and responsibilities. You've made it this far, now don't look back."

- Kyle Finley

Check out the responses to these five questions:

1. What do you look forward to as a Junior?
2. How was your experience with G.Q.E.?
3. Are you happy to be a sophomore and why?
4. How do you like the weighed scale?
5. What is your hardest class and why?

Miles Stacey

1. "Nothing."
2. "Absolutely too easy."
3. "Sure, it's the same as last year."
4. "When I have my 5.0 G.P.A. you'll see."
5. "I don't really have any hard classes. Physics, I guess."

Jose Padilla

1. "Being one year closer to graduation."
2. "Basically like I.S.T.E.P., frustrating and difficult."
3. "Yes, because I get more freedom than I used to."
4. "I like it because it shows how much potential I have."
5. "Chemistry, because there is so much work and I'm not a big fan of science."

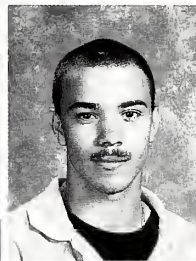

Christina Elkins

1. "One year closer to graduation."
2. "Not sure."
3. "No I'd rather be a senior."
4. "Sometimes it is good; sometimes it is bad."
5. "Chemistry because it is hard to understand."

What's your main focus for sophomore year?

Study habits for the sophomores.

"Many sophomores tend to complain about having too much school work or work being too challenging. But with the right study habits you can do anything if you actually put your mind to it. So please get out there and do some work, it will all pay in the end. Becoming all you can be is a main priority for many, and having the right tools is all you will need to get somewhere in life."

-Savanah Lawson

Kenny Enoch

"To stay on top of my game, and my school work."

Alvin Boutte

"To win my first state championship out of my remaining years in high school. Also to show my true ability in the class room where it counts most."

Look at THAT locker!

Ever wondered what in the world could be in some of these lockers? As we take a look inside, you'll be surprised at the different locker styles of your peers! Some were so messy, it's no wonder they can't find anything!

Derek says: "Cleanliness is next to Godliness. 2009 is mine."
Oooh, but just look at that messy locker!

Derrick Scisney

Miles says: "I try to keep my locker as organized as possible. I don't want to have a messy locker where I can't find anything... that's just not me or how I role. So my locker usually just contains my jacket, my book bag, my books, and of course my graded papers."

Miles Stacey

Vince says: "Wow I don't know where to start. My locker is a total mess. Day after day I throw more and more junk into it. For instance, I have my JROTC uniform crammed in at the top, my jacket and a pair of shorts at the bottom, trash in the middle, and hey where are my books-oh yeah, that's right, they are under everything else."

Vincent Ayala

Who's Fresh?

"You are now in High School and you're almost done, just three more years to go. The classes are more difficult, but you are earning credits for your hard work. Here's some advice, meet new friends and you will go far, don't give up and don't let your grades slip. Set goals and pass them every time. Yes, the teachers are more strict and the classes are more demanding, but stick with it, you are building a strong foundation for your High School experience."

-Kyle Finley

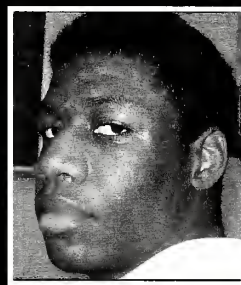

Check out some of the responses to these three questions:

- 1. How is High School different from Middle School?**
- 2. What is your biggest expectation from High School?**
- 3. Can you wait until graduation? Why or why not?**

Joseph Burton
replied:

1. "It's the same really."
2. "I think that it's gonna be really hard."
3. "Sure, because I don't want to grow up."

LeBraska Rollins
replied:

1. "Most of the people are more mature."
2. "To get a higher education."
3. "No because I'm ready for school to be over."

Maiesha Sanders
replied:

1. "More responsibilities."
2. "Getting all of my credits and graduating."
3. "I can wait, I'm not trying to rush into anything."

Who's Next?

8th Grade

8th grade, your last year of middle school! You are always above the 6th and 7th graders and it's time to be a role model. 8th grade is one of the best years of middle school because not only is it your last year of junior high, but you are preparing to enter high school. This is time for a new and better start. Every 8th grader looks at his or her last year of middle school differently. Some are fearful of moving on, others can't wait for the excitement, the fun, the activities, and the responsibilities. Dorian Triplett said "It feels good to know that this is my last year of middle school because i will finally be an upperclassman!" Tyler Naylor said "I think it will feel good to know that i will be taking on new responsibilities". Amarari Barrera said "It will feel great because I won't be a middle schooler anymore!"

"I DIDN'T EXPECT TO BE MIXED IN
WITH HIGH SCHOOL"

7th Grade... Someone's moving up in the world. As our 7th grade Hornets make their way up to the top, they find out it's not quite what they expected. From higher standards to older peers, our 7th graders experience a school year with some of the greatest advantages. They've stepped up from elementary into the great adventures of middle school. Yes, they have to be more responsible, but they also learn the greatest aspects of growing up as a person. Next thing you know, they'll be showcased in the 8th grade story. They'll keep moving up and growing as well-rounded students.

Staff Of The YMCA

Ms. Annie has been a vital part of the YMCA program at T.C Howe since the day it all started 5 years ago! She is a great role model for the kids, and she puts her heart into what she does!

Ms. Annie puts a lot of time and effort into helping our students have a meaningful after school experience! The YMCA program offers field trips, crafts, sports, and even tutoring which help our youth become more active, social, and involved in positive activities.

It was quite an evening to remember! It could have been anywhere from the early 50's to the late 90's, but it seems like just yesterday. Dancing under the stars, and having the time of their lives, our teachers were once young and full of teenage energy. That's right, they once had baby faces, full heads of hair, and fine physiques that even surprise them as they look back! While looking at the pictures on this page... try not to gaze too long, laugh too loud, or gasp too deeply. These pictures are not representations of any actual event. They have been altered to enhance laughability! Enjoy!

CLASS?

After all, what are we here for? The whole purpose of coming to school is to get a valuable education. There are many avenues students choose to take in order to keep learning fun. They may choose to focus on their talents in art or music, delve into math or science, develop a foreign language, or perhaps even gain leadership skills from JROTC. No matter what your best subject may be, the ultimate goal is to graduate high school with a well rounded education. With this, you can move on to create a brighter future! So, while you are here, let's just see how much academic class you've got!

Who's Leading Who?

Do you think you've got what it takes to compete in the Academic Superbowl? How about being in the top 10 of your senior class? Well, for some students, having the wit to compete or to be in the top 10 of your class, takes a lot of work. The dedication to stay after school, go to exhibitions, complete lots of homework, and even take Honors and AP classes is what you need to succeed! Can you make it to the top and compete?

Who's gettin' published?

SHOUT OUT! to the yearbook staff for all of their time, hard-work, and dedication. Being on the yearbook staff was fun and exciting, but there was also a lot of responsibility involved. If each staff member didn't do his or her part, the book would not have been such a success.

That being said, our 08-09 yearbook is way more than just a book. It is a priceless collection of timeless stories, Kodak moments, and memories that will NEVER be forgotten.

We want to thank Mrs. Ajayi for everything, we couldn't have done it without her!

What does yearbook mean to you?

"Yearbook means hard-work, fun times, and the ability to capture some of the best moments."

China King

Richard Snyder

"Building a book of remembrance for the past year and letting everyone know that almost nothing they achieve at the school will be left out."

"Yearbook is an opportunity for me to be part of a staff and put together a book of memories that students can cherish!"

Angela Bates

Shelia B. Hall

"Yearbook is a way to show school pride. A yearbook is something that you keep for years, if not life, so what goes into it and how it's put together is really important."

The Hilltopper yearbook staff has worked hard all year to create and fund this awesome yearbook! I appreciate their hard work, dedication, and creative fund-raising ideas! The challenges are always interesting, but we learned a lot and had fun creating the book!

Who's Becoming a Leader?

JROTC

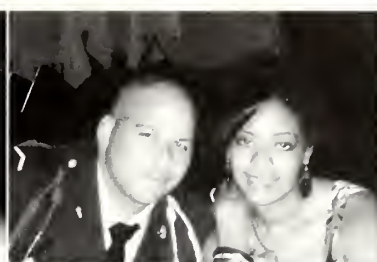

Second to none, number one, Hornets lead the way. Hooray! Our Junior Reserve Officer Training Corps program has a military structure and the ability to give it's student cadets a sense of discipline and order."JROTC's" mission is to motivate young people to be better citizens. The program is founded entirely by the students. It teaches them to be strong, responsible, courageous leaders. The program challenges the students with physical and mental competitions. When most students leave the program, they leave with proud honor, stronger values, and greater confidence.

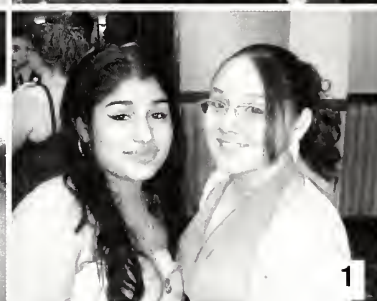

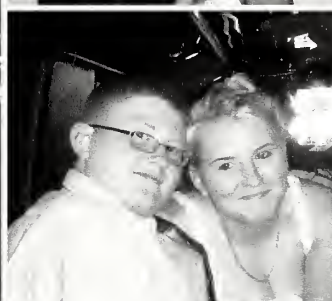

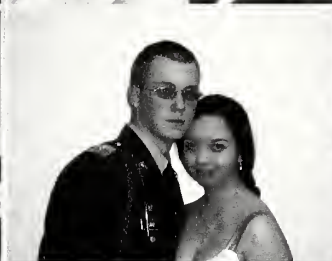

3) The color guard represents us in an incredible way at our games and events. In the picture to the left above, they were presenting at our Homecoming Pep Rally.

4) Markiara Jones, Alyssa Michaelis, and Marissa Thomas, all new cadets, were just beginning on their journey to Leadership.

Military Ball

Steven Clark
"My best experience yet is the experience we receive from our the training."

**What has
been your
best
experience
since joining
JROTC?
Why?**

Matthew Minardo
"My best experience is marching, and I also like our uniforms."

Deven Watson
"The Veteran's Day Parade was my best experience because everyone in JROTC got to participate and we had a blast!"

Tara Wolfe
"The best experience is when I go to the drill meet to support our school. I even like the uniforms we wear every Thursday."

Joshua Sims
"My best experience is learning valuable lessons which motivate me to become a better person."

1) Every year, JROTC puts on a Military Ball, which gives students the opportunity to celebrate their achievements with an evening of "glitz and glam."

2) Sometimes all of that strict military training gives the students an aching to "bust loose," as demonstrated above by Senior Matthew Moyers!

Who's **VOICE**

will be
heard?

Below: Students in the choir spend time after school practicing with Mrs. Benson to fine tune their vocal instruments!

This is Shauna Neal's first year in "show choir." She says that she enjoys choir and knows she is getting a lot better.

Left: Young Stephen Davis Jr. takes the microphone as he prepares to sing in front of the entire school at our relay for life event on the football field.

Being in choir is not just about singing a song, you've got to learn your music also. Those funny symbols on a song sheet are not just there for decoration!

Choir is not just a class, it is a commitment.

It is a group continually growing in skill. People don't just join the choir for fun, each person has an important role in making the entire group successful. If you want to be a part of something and let your voice be heard, try out for choir next year! Our students, and Mrs. Benson, worked hard and practiced often so their music would come across our ears with poise and power!

The entire choir showed up looking like a true unit, coordinating their white shirts and black pants. They sang for the school at a "pep rally" during 10th period. The choir even got a bit of recognition as the video camera filmed their performance!

Who's Making The Band?

1. Young musician, Johnathon Lyberisse looking up at Mr. Abbe for guidance.

One Band, One Sound

The students in band work hard everyday perfecting their skills as young musicians. It takes a lot to get a group of students with many different instruments to perform well together as a band. These students practice in and out of school on a daily basis to make it all possible. They sound great at our games and as they represent our school at performances in the community!

2. "I like being in band because it gives me an opportunity to express feelings through music. It is hard work trying to memorize all of the scales and playing rhythms that are difficult, but it gets easier with the help of Mr. Abbe and the support of our friends." -Jennifer Garrett

3. "I like band because its fun and I like to play my instrument. I also like being in band because of the parades and the performances we do. Most of all, I like the trips we go on and it's an easy A." -Markeith Jones

4. "I like band because I play percussion and it keeps a flow to the band." -Marshai Jones

below: Being a drummer is not as easy as it looks, it is a lot of hard work.

above: They've gotta practice all of the time!

left: Johnnie Adams, a senior, has been performing with the band for several years. He started playing the drums as a toddler!

"Being in band has been one of the best experiences of my life. I have learned more than how to play an instrument. I have also learned how to be a leader. I enjoy playing for the team, and showing good school spirit. This has made me enjoy being a high school student, better yet, a Hornet."
-Angie Martinez

"I enjoy being in band and developing my skills as a tuba player. The best part of being in band is being able to perform at many different places, and supporting the football and basketball teams."
-Jeremy Lewis

I like being in band mainly because I love playing the sax and making music. Anyone interested in music should join the band. It is a lot of fun, and we perform in a lot of parades and concerts. Band has made me the person I am, a talented musician.
-Brittini Scott

"I have been playing my trumpet for eleven and a half years. So in my life, it is a big stress relief. That is a huge part of why I am in band."
-Christopher Clark

Who's Got Talent?

Who's got talent? There are a lot of different talents we could mention, but we are interested in those who are skilled artistically. Finding artistic talent was not difficult once we visited the AP Studio and advanced art classes.

In the advanced class, we found students drawing from real life. This means they had to take trips outside and sit on the ground to draw a landscape. They had to sit in the hallway and draw the lockers, lights, ceiling and floor tiles. These artists even perfected their skills by drawing their classmates who posed very still in front of them.

The AP Studio Art class gives students the opportunity to earn college art credit for developing their talent. AP art students build a portfolio throughout the school year, and submit it for judging by the CollegeBoard. If their portfolio scores well, the student can earn college credit, while still in high school!

Advanced art class was not the only place we were able to find artistic talent. We found emerging artists in the introduction courses as well. After all, artists must begin developing their talents somewhere!

Right: AP Studio art students using charcoal to draw a still life that was set up before them. The biggest challenge was the dreaded sheet that Mrs. Ajayi kept adding wrinkles and folds to!

Dominic Nelis

"I have liked art since I can remember, and I like it because you can describe things in picture form. Anything you think of, you can put it on paper. This year, I enjoy my art class because of Mrs. Ajayi's teaching style. My favorite project has been the grid drawing where I drew the old man!"

Jacob Vinson

"I have been drawing since I was about two years old. I am quite a perfectionist about my artwork. Everything must be nice and neat. This year, my favorite projects were designing the yearbook cover and the German Club crest. I have developed a huge interest in graphic design, and plan to pursue it further."

Zachary Wilson

"I have always liked to draw. Since I could write or do anything, I would draw things or even just doodle in class. My favorite art project has been the collage to the left because I was able to put a lot of things into it. If art is in my future, I would like to become an architect."

Who's Got Heart?

"We ride together, we die together bad boys for life," was the chant that hyped up the Hornet football team before every game. Lead by the Seniors, the team made it through a trying season. Never once did they put their head's down. They practiced hard and played harder. Every Friday, they put on their game faces to represent our school. When asked to sum up the season, the most common response was, "although we didn't win a lot of games, we had a lot of fun and made a lot of memories." This is what our football team was all about! So, to end this story like the boys ended their games... "Hornets on three, Hornets on three, one-two-three... HORNETS!!!"

Who's Got Game?

Lookin' at the season...

The Hornet soccer team was one of the hardest working teams this year. At the end of the season, they came out 1-1-9, but all of their games were very close. Try-outs for the Hornets were difficult. Jose Gonzalez said, "I made the team and everyday I worked hard and got better. The practices were more like camp instead of working on plays."

Abraham Lopez thinks that the coaching staff was good, but really the team needs to work on their chemistry as a group. "Everyone needs to be on the same page," said Levy Hernandez, "I think next year the team will be better and we are going to have one of the best records at T.C. Howe Community High School."

Let's Go

Jeremy Lewis

Jeremy said,
"During the summer I practiced a lot. Then I came to Howe, tried out and made the team. We didn't have many players on the team but we worked it out and had a fun season."

Jose Arguelles

Jose said, "When I tried out for the team, the tryouts were really more like practice. Then, when we practiced, it was more like camp. You can tell who hasn't played and who has. I liked playing soccer this season."

Levy Hernandez

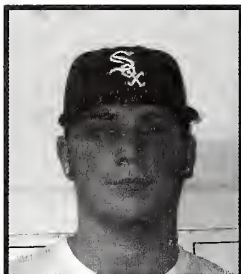

Levy said, "Playing soccer was a fun time. I Did not finish out the whole soccer season, but when I was trying out, I impressed the coach because I wanted to play both sides of the field."

"I chose wrestling because Coach Brown has wanted me to wrestle since sixth grade. Coach Edge made me wrestle because it helps me with the other 2 varsity sports. If it weren't for wrestling and Coach Brown, I wouldn't be as good at football & baseball."

"My Best wrestling memory is when I placed 6th in the City Tournament. That was the best tournament I have competed in. I had 3 wins and lost 4. I have a lot of good memories, but this one is the best. I think I did really well for my first year"

Who's Runnin' Things?

Who's running things now??? Of course the Hornet track team is running things. How can they not??? They have a wonderful 4x100 meter team, state qualifying 400 meter runners and long jumpers, and phenomenal 100 meter and 200 meter sprinters. The team showed their strength as they represented Howe in a tremendous way!

T.C.Howe... it's in the game.

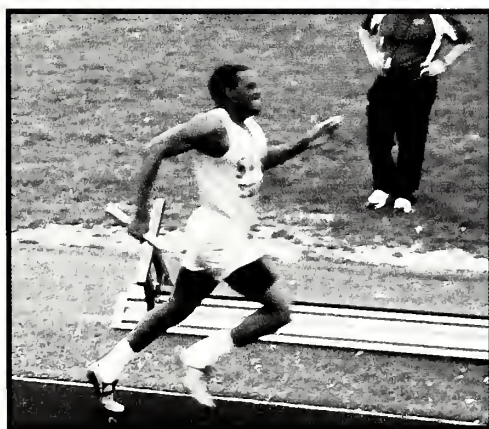

1. Greg Appleton throwing the discus.
2. Tia Sublett, a senior sprinter who impacted many.
3. Domonique Downing, what we call a team leader!
4. Senior, Michael Wallace displays a victorious gesture!
5. Jasmine Canady, Charmaine Acquaye, and Olivia Foreman, getting warmed up for the relay race.
6. Senior, Georard Mitchell, focused at the starting point.

These runners know they have a huge challenge to conquer. The "4 by 1" and the "4 by 4" are the most competitive events in the state. Our athletes take it in stride!

LOOKIN' AT WHO'S GOT GAME?

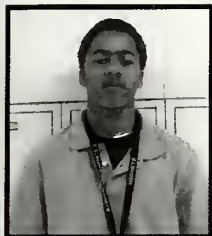

BOYS BASKETBALL

"The boys varsity basketball team went 14-7 and won the IPSAC title for the first time ever. The team was led in scoring by Andre Hampton."

"P.J. Alvin Boutte led the state of Indiana in assists per game."

"The JV team went 15-4 and was the City Runner-Up. The team was led by Terry Sargent, George Durr, and Ron Stewart."
-Coach Sembly

"I think it was a cool season and we really did well in City. Overall, I feel like we were a good team and will get better as years go on."
George Durr

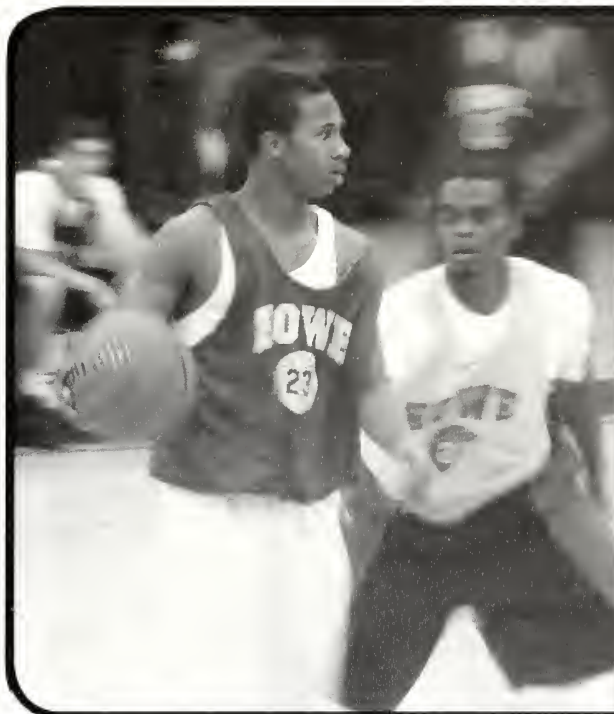

"I think we could have done better this year, but it was a cool season."
Kellen Johnson

"I think we started off slow and we could've done better, but we worked hard and had a good season."
Anthony Williams

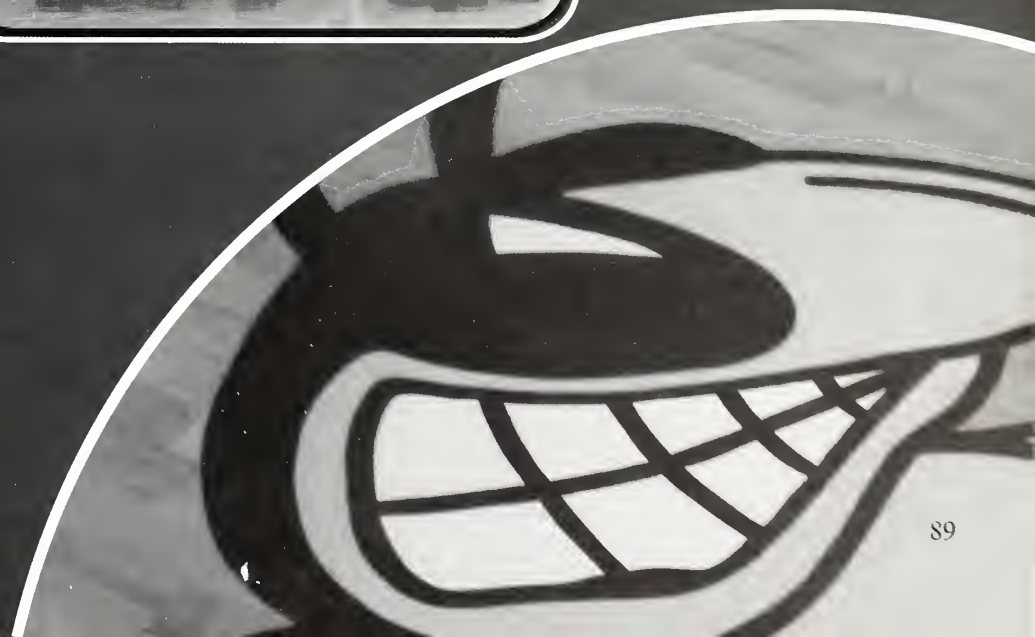

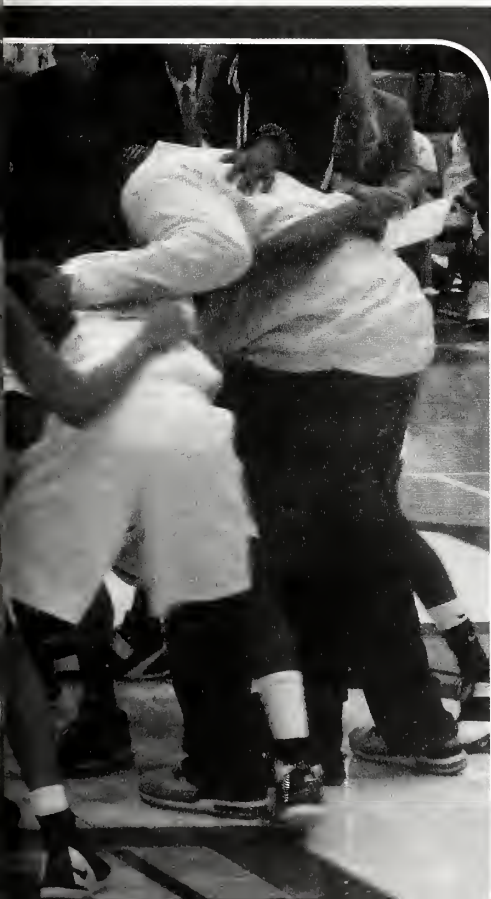

"I was out at the start of the season so my boys held it down. I came back, but got injured again before sectionals, which was really upsetting. It was a good season overall."
Jordan Manual

Alvin "P.J." Boutte

"We had a good season, but I felt that we could've done better in City and Sectionals. Next year will be a new year and we should pull it out!"

Megan
Murff

"Dedication and hard work. My basketball season was overall a really great experience. I learned to be a better team player."

lookin' back at the season.. From the perspective of our rising all-stars.

Joshua Gunn, 7th Grade

"We needed more versatility. I think we should have switched our game up a little sometimes, maybe worked a little more on POWER hitting. But, one loss in three seasons, I think thats pretty good."

Middle School sports aren't always looked at with as much respect as they should be. For instance, middle school baseball should be highly recognized for their tremendous team. They went all the way to round one in city, against Gambold, but unfortunately lost with a score 8-1. During the season, Dolton Ledgerwood threw a no-hitter, which means the opposing team did not hit a single pitch the whole game. Justin Cook played pitcher and shortstop this season. When asked what he and his teammates could have done to improve their season, Justin replied "We should have followed a little more direction at practice."

-by: Richard Snyder

Justin Cook, 7th Grade

"I regret that when we got down during the sectional game, everyone just gave up. We all got frustrated, and when stuff like that happens, we need to come together as a team and not fall into a bunch of individuals."

**Will
Carter**

Junior Captain-
"My duty as captain is to have the strongest mental status and be able solve all disputes without instigating them more. Most of all, I must respect every player to the best of my ability, no matter what the situation."

**Joey
Crowe**

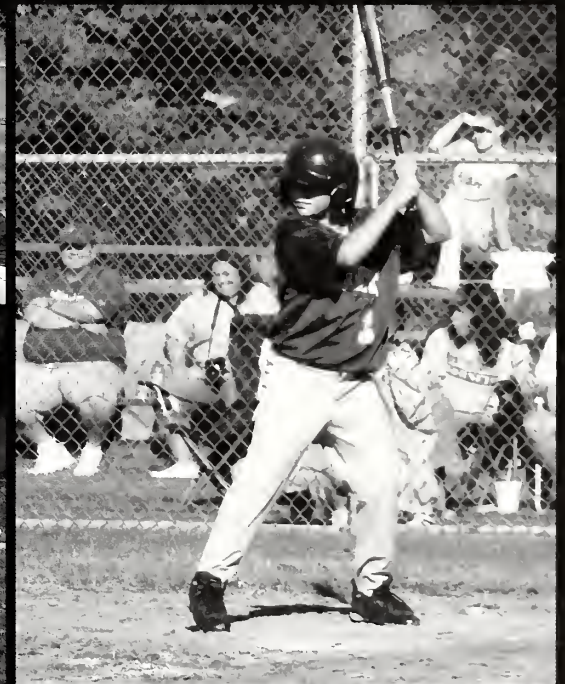

Junior Captain-
"Being head captain is a lot of work because I have got to make sure the other two captains are getting their job done. I have also got to make sure I get my job done for the team while the coach isn't around."

**John
Rhoton**

Sophomore Captain-
"Being the youngest captain, I still have to show that I am worthy of being a team leader. I need to help the other captains keep the team in line, but at the same time, help them on their game play."

Brandie Owens and the girls spend time with drills to perfect their techniques! Practice and dedication are key elements to becoming a great athlete!

On the field, or on the bench, the girl's softball team was hittin' homers this 2009 season. Their mental attitude was strikin' out their opponents. The girls were loud and proud. They showed their school spirit and pride in the dugout while their team-mates were up at bat, runnin' bases, and bringin' them home! They played through their season with great sportsmanship, win or lose! Go Hornets!

You're lookin' at the Champs

Congratulations, to the Hornets middle school softball team who won the championship this year!

Chelsea Patterson was an all around player. She said she had the most fun this year, and being part of a championship team meant a lot to her.

Destiny Hall loves the game of softball and wants to play next year. She has never won a championship in her life and said it felt so great she hopes to win more in the future!

Brianne Cagg said she had a wonderful year and plans on playing next year as a Freshman. She has been playing for about 3 years and softball is one of her favorite sports.

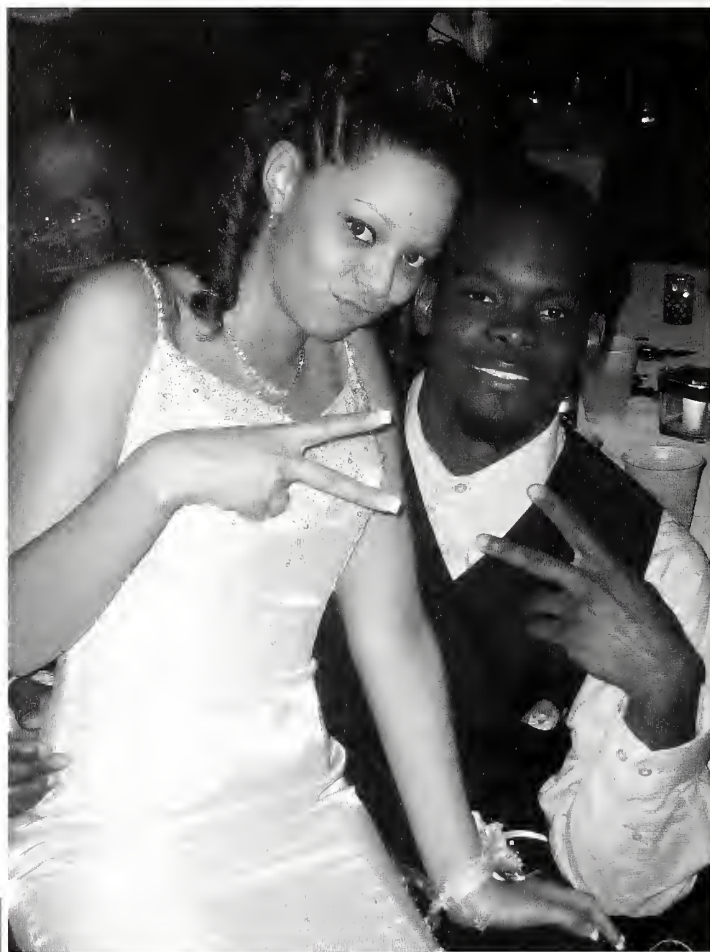

Head coach, Ms. Crystal said she couldn't be more proud of her girls and hopes to coach the girls m.s. softball team again next year!

School is supposed to be academic, and it is, but what keeps us interested in coming to school on a daily basis is the life of the student body. What fun would it be without the class clown or the personalities of our friends? We sure would be at a loss without prom, pep rallies and the spring festival. Don't forget about our clubs that offer an outlet for everyone! Student life is what we are going to remember the most about high school. We definitely learn from all experiences, but mostly from ones we enjoy! Lookin' outside of the classroom, we see the side of Howe that brings LIFE to the party!

Math Club

It's one thing to dedicate time to learning during school, but it's another thing to work even after school. But what if it is FUN? Most of our groups and clubs are just fun to be a part of because they offer exciting things to do. It is just an added bonus that we actually learn from these great experiences!

Midnight Masquerade.... that was the theme for our prom. We had a blast parading around in our fancy evening gowns and suave tuxedos. To add to the fun, we wore elaborate and exciting mardi gras masks! "It was a night to remember," says Kimberly Fox, "one that me and my knight in shining armor will always have to cherish!" Every one who was there had a great time! Jasmine Downing said, "Live in the moment, dream for the future!." She added, "The highlight of the night was seeing Mr. Whitman and Mrs. Phelps dance!" There were lots of highlights from the evening, but Dominique Downing recalls it best! He said, "Prom was a night I'll never forget, I got to dance with Mrs. Nixon and I did the sea-walk down the soul train line! Plus, Georard G-money Mitchell can't dance if his life depended on it, and aw-yeah, the food was on point!"

Look at our Seniors Class of '09

Remember that seniors...one week until the big day? Our Senior class of 2009 celebrated their last week of school with teachers, friends, and staff. They worked hard to get to this point. They deserved that week of fun before they walked across the stage and received their diplomas. Now, for most of them, it's time to head off to the big college life. Family, friends, teachers, and so many more wish them the best of luck in their future!

Lookin' to the future!

proud of our graduates for their endurance and determination. Our seniors have successfully reached their goal, and are now ready to take their next step in life. The steps they

take will send them on many different avenues, but their memories of Howe will venture on with them. Graduation is an enormous feat, but it is only the beginning for our

seniors. Some will go on to trade schools and others will attend a college or university. There are many challenges ahead for our graduates, but we have confidence that they

will go far and make us proud! So good luck to all of the '09ers. As you go forth, know that you will be missed by all of your friends here at your alma mater!

In Loving Memory of Mr. Roger Hart

Roger Dean Hart 51, of Indianapolis was born on August 01, 1957 to William Seberry and Anastasia (Gianteseles) Hart. Roger began his teaching career in 1992 and was a physical education teacher at Howe High School. He was also the assistant athletic director and volleyball coach. He was a member of Holy Trinity Greek Orthodox Church and the American Alliance for Health and Physical Education Recreation and Dance. He was a 1975 graduate from Tech High School and 1980 graduate of Ball State University where he earned a BS in Physical Education.

Roger is survived by his wife Carol Sue (McDermott) Hart, son Landon Cayce Hartley, mother Anastasia (Gianteseles) Hart, sisters Caran E. (Tony) Zambas and Nikki (Don) Williams, brother William S. Hart II, and several nieces and nephews. Funeral services were held on Monday June 15, 2009. Roger was buried in Crown Hill Cemetery. You may visit www.flannerbuchanan.com to sign the memorial registry or share a story or view a video tribute in memory of Roger.

"Everyone that was on the volleyball team loved Mr. Hart as a coach... we should all work hard for Mr. Hart even though he has left us, because he has made each one of us better team-mates to each other and better people for the game we all love."
-Cassandra Wright

"I am sure Roger is looking down with Stretch by his feet, sitting next to Elvis Presely, both finishing their 6th plate of dessert while Mother Theresa brings them both another one, as Roger says to Elvis, 'I just would like them all to hold tight to their memories for comfort, lean on their friends and family for strength, and always remember how much they are still loved by me.' My life is much richer with laughter for having known Roger. He will be missed but not forgotten."
-Mary Trieff

"I had the pleasure of working with Roger the past 2 years. Our sense of humor was very similar so we had a great time together. No matter how tough things got at times he always put a smile on my face. I will truly miss him."
-Jeff Strance

Roger has been a good friend and my rock when needed. He was a good teacher and a good coach. I know he loved Cayce because that is all he talked about. So in true Roger form, bye you idiot!!!! You will be missed.
-Alicia Breedlove

"Mr. Hart was my gym teacher and volleyball coach. I'll miss how he would call me an idiot and tap me in the back of the head! When a fishing hook went in my finger, he laughed his behind off and then helped me. I still have the band-aid he found in his truck."
-Candace Kirk

"We had many, many laughs and fun times. I will always remember the funny jokes and comments that Roger made. He was very caring, and would do anything to help me out."
-Kim Holmer

"My dad truly was a big kid at heart. He was a very lovable man. He will be missed by everyone and forgotten by no one."
-Landon Cayce Hartley

"Roger was essentially a big kid at heart which is why he loved coaching and teaching his students and his son. He touched many lives and made many people laugh. You couldn't help but love him."
-Carol Hart

"He used to come in the main office everyday and say, 'something to make me smile.' It would be little things like closing my books and making lose my page, to telling a silly joke and pretending to put me in a head lock. Lol. He will truly be missed."
-China King

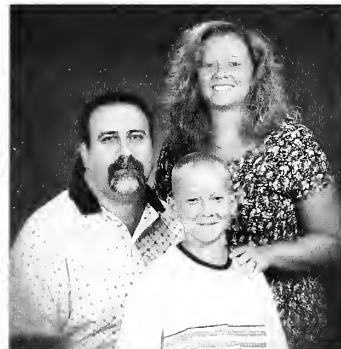

"Roger Hart was known to me as Coach Hart and I know everybody on the volleyball team loved him dearly. He made every practice and game as fun as it could be, always having fun and playing around with everyone. He was always someone we could turn to when we needed something or we needed help. He will be missed dearly and will always be in our hearts."
-Amanda Neal

"I'm grateful that I got the chance to meet and witness what a great person he was. I remember always purposefully getting on his nerves and him always trying to beat me up. (chuckle) I love Rog! He's great, and I will truly miss him."
-Mia Berry

"He was the type of guy who made me laugh and always brought joy."
-Jessica Dunz
"I remember when he would call me Cleedus, not Chloe...he was a great volleyball coach and he was there for every body. His whole team will miss him greatly."
-Chloe Dietz
"He was a great coach and made us work very hard before our games. He will be missed."
-Jordan Dunz

"Roger was a dedicated teacher to his students. He cared about kids and how they were doing. His student enjoyed things like fishing and bowling. Roger went out of his way to be a life long learner and bringing new activities to his students. We honor him and he will be greatly missed."
-Audrey Satterblom

"Mr. Hart was always asking if I was going to play volleyball next year, and insisted I get into the gym with the team. He said he needed seniors for next year & we would always laugh about how few seniors we were really going to have."
-Jennifer Garrett

"I remember how coach Rog used to keep me out of trouble. 'Gone but never forgotten.'
-Andre Bunnell

Who Would You Vote For?

Will the outcome of the 2008 presidential election change America for better or for worse? Democrat Barack Obama and Republican John McCain were neck to neck in the race for the White House. The contrast between McCain, 71, a white, former Navy pilot and Vietnam

prisoner of war, and Obama, 46, a black, Harvard Law School graduate and former community organizer, go far beyond personal. They had very different approaches to the most important political issues of our time. Their ideal show-stealer is most evident on two issues usually ranked in opinion polls as the top concerns of American voters -- the Iraq war and the faltering economy.

Who You Lookin' At?

By now you all may have figured out who ya lookin' at, and why. Flippin' through this book from high school to middle school, sports to band, and bloopers to throwbacks, brings up so many laughs and memories. So, as you put this book away, keep it in a place where you will see it often so you will continuously be reminded to look through it again and again! Over the years, you will see a change in who you are lookin' at!

Far Left: Devin Sims conveniently pointing at his own eye.
Left: Dae Cresha Young, Christopher Hinton, and Labria McVea having fun in the hallway.

Left: Antonio Johnson lookin' sharp as he waits in the courtyard after school.

Left: Shalanda Cooper posing for the camera on her way to her next class!

Below: Anderson York, our truest Howe Hornet, gets all painted up and revs up the crowd at games and fun events!

“Over the years, you will see a change in who you are lookin' at!”

It was a long year, full of both fun, and challenging times. We built our knowledge, day in and day out, with our best friends by our side. As we age, some memories may fade, but keep in mind that we will still have yesterday!
